FINANCES AND TRADE.

OFFICE OF THE DAILY APPEAL,
MINEPER, November 17 188. FINANCE.

There is very little change to note in the state of our money market. County Scrip is not so firm as on iyesterday, and is tending to lower rates. On Saturday holders would not listen to offers of 75c, but to-day they were extremely anxious to obtain that figure, and the weakness of the market has developed several good sized amounts not heard of before. We heard of \$7000 changing hands, in various amounts, at 750 during the early part of the day, but by noon we could hear of no buyers. The causes of the decline, just upon the eve of another week to pay taxes, we do not pretend to explain, but it is no doubt due in part to the withdrawal of our largest buyers, who have about all the money they want to the up already invested. We do not magine that the decline will be either permanent or serious. Dealers are check-

ing to tax-payers at 75@80c, the latter for small amounts. The supply of exchange is somewhat improved, and several of our banks have engaged to discount liberally to cotton buyers for several days to come. Rates are irregular-governed altogether by the supply on hand. Some of our discount houses are taking Eastern bills at to discount, while others discount freely at ic. In New Orleans exchange rates are the same as yesterday. The counter demand is fairly active at par on all points North and South. Exchange in New York, at the opening to-day,

Gold opened in New York at 186fc and at 2 p.m. was 134fc. Our dealers buy at New York rates and sell at an advance of 1@25.

Deposits have fallen off slightly within the last week or two, in consequence of many of our heaviest cotton men preferring to carry their cotton to selling at present prices, but as soon as sales again become active we may look for a large wi increase in this line.

City Serip, though quiet, shows no signs of the downward movement noticeable in County Warrants; 820 was offered for a lot of \$12,000 and refused. Dealers sell at 85c.

Police Scrip is scarce and firm. It is said that no more of this money will be issued. We quote at 85c buying. Selling

Other countries furnished in that year 750,000 bales, all of which could have been spared.
